## BRITISH FIGHT ON NEXT WEEK

House of Commons Resumes Then to Consider Action Towards the Lords

### MR. ASQUITH'S RESOLUTION

The Budget Will Probably be Passed as Redmond and the Irish Party are Expected to Support it.

London, March 23.—Serious and perhaps desperate business begins Tuesday, when on the resumption of the House Premier Asquith moves the anti-Lords resolution. Balfour will then be back and he will certainly fight with all his unique parliamentary skill. The question still unanswered is whether he will fight with a determination to use any and every means to turn out the government and himself take office.

It is obvious, and, as Englishmen admit, quite natural that the desire of Asquith to forestall perhaps the work of the British preference policy by offering Canada reciprocity, must be one of the factors in Balfour's mind. He realises the urgency of the British adoption of preference as affecting the situation both in Canada and the West Indies. Redmond, eager to hold his own in Ireland against O'Brien, explains he is still irrevocable, but there is little doubt that he will compromise with Lloyd George and let the budget pass the Commons.

The Unionist position in the approaching election is probably strengthened by the Lords' overhanging presence yesterday of the principle that hereditary right alone shall not give the peers legislative rights.

### Asquith's Resolution.

The following is the text of the resolution Premier Asquith will move in the House of Commons Tuesday: "That this House immediately resolve itself into a committee to consider the relations between the two Houses of Parliament on the question of the duration of Parliament."

"That it is expedient that the House of Lords be dissolved by law from rejecting or amending any money bill, but that any such limitation by law shall not be taken to diminish or curtail existing rights or privileges of the House of Commons."

"That it is expedient that the powers of the House of Lords as respects bills other than money bills be restricted by law, so that any such bill which has passed the House of Commons in three successive sessions having been sent up to the House of Lords at least one month before the end of a session has been rejected by that House in each of these sessions, shall become law without the consent of the House of Lords on the Royal Assent being declared."

## RAILWAY IS CRITICISED

Jerry Blames it for Not Paying its Track Men Sufficiently

Seattle, March 24.—The coroner's jury investigating the great disaster at Williston, in which ninety lives were lost, brought in a verdict yesterday, which, while it does not fix the responsibility on the Great Northern Ry., criticizes the company for not having placed its trains in a safe place. The Great Northern is criticized for having paid laborers engaged in clearing the track but 15 cents an hour without board, because on account of the small wages thirty-five men quit work when their services were most needed. The jury censured the railroad for not retaining enough men to clear the track regardless of cost.

### Races May Be Stopped.

Toronto, March 24.—The Ontario Jockey Club may announce this afternoon that Miller's bill in its present form becomes a law. It has made no arrangements whatever for the holding of the spring meet at Woodbine Park and all operations are at a standstill, pending a decision from Ottawa.

## ACT WILL PROTECT LANDS OF INDIANS

Parliament Spent Last Hour Before Easter Adjournment in Discussing Hon. F. Oliver's Bill

Ottawa, March 24.—The Commons adjourned for the Easter recess yesterday. During the last hour the members were in a holiday mood and paid but little attention to the matter before the House, which happened to be Hon. Frank Oliver's bill to amend the Indian act. The bill provides a process for the recovery of the possession of Indian lands trespassing upon them and adversely affects also provides that contracts affecting Indian monies and securities must be approved by the Superintendent General of Indian Affairs.

Mr. Oliver's bill to amend the land titles act was given a third reading and Mr. Templeman introduced a bill to amend the fisheries act. It provides, among other things, for bringing into effect, by proclamation, of regulations proposed by international fisheries commission.

Quebec was put to Mr. Fielding as to the progress of the tariff negotiations, but the minister said that he would be impolitic and unwise to make a statement at present.

The impression prevails that business will be rushed when the House resumes and prorogation will be reached before May 10th.

## TRAGEDY IN PULLMAN CAR

Drunken Passenger Shot Colored Porter and the Conductor.

### BATTLED WITH THE POLICE

Murderer Was Finally Shot After He Had Been Driven out of Car by Fire Brigade

Wilmington, Del., March 24.—Three men were killed on a north-bound Baltimore and Ohio Railway train yesterday in a fight which began at Newark, Del., and ended in a desperate battle between the police, aided by the firemen and citizens, and a murderer at Delaware Avenue Station here, following the arrival of the train at 5:17 o'clock.

The dead are: O. E. Welman, aged 40 years, of Philadelphia, conductor of the train; Samuel Williams, aged 50, colored, Pullman porter, whose home is said to have been in Jersey City; and J. H. Bethea, aged 40, of Dillon, S.C.

The injured are: John O. Wiley, aged 40, park guard, of Wilmington, shot in hand and leg; Mathew Haley, citizen of Wilmington, shot in leg.

The triple tragedy was the result of an altercation between Bethea, who was a passenger, and Williams, the porter of the Pullman car. The car was bound from Washington to Jersey City. Bethea, who had been drinking heavily, shot Porter through the hand, killing him instantly. When conductor Welman saw Porter fall and ran up, Bethea fired a second shot into the colored man's body and then without a word he shot Welman through the heart. The conductor fell dead in his tracks.

At Wilmington the Newark Guards and a posse of citizens and train men ran to the scene. The police called upon Bethea to surrender. A call was sent to the local fire company nearby and the firemen responded with their engine attaching the high pressure hose to the fire plug. The firemen barricaded themselves behind trucks and boards and played a stream upon the window of the train. The desperado fired a number of shots at the firemen, but they were not injured. Subsequently Bethea, drenched with water, staggered to the platform, and the police shot him.

Albany, N.Y., March 24.—The great international golf contest between the heads of the North American governments, President Taft of the United States, and the Hon. Earl Grey, Governor-General of the Dominion of Canada, will be pulled off at Beverly, Mass., this summer.

Earl Grey has accepted the President's challenge. Also the Earl is some sport. He waived his rights and allowed the president to name the scene of the contest. The President chose the grounds of the Myopia Club, near Beverly. This is the hardest golf course in the United States, Mr. Taft says.

## BALLAST ROAD TO WOLF CREEK

Grand Trunk Pacific Sent Through Large Outfit Today.

### EXTENDING THE TELEGRAPH

Wolf Creek now in Direct Communication With Winnipeg—Western Extensions to be Made This Summer

A complete ballasting outfit consisting of over two hundred men and a score or so of flat cars went west this morning to put the G.T.P. line in shape so that transportation may go along more smoothly without interruption. Ballasting was done last fall as far as the Pembina, but beyond that as far as Wolf Creek the ties and rails were strewn along the frozen ground. It was now required to make the roadbed firm enough to carry the cars heavily loaded with freight for the construction camps farther west. Thousands of cubic yards of gravel will be needed and will all come from the large gravel pit west of Pembina river and within easy distance from the G.T.P. main line.

### G.T.P. Telegraph Lines.

A. B. Smith, superintendent of telegraphs for the G.T.P., is in the city today, having returned from a short inspection tour of the telegraph line to Wolf Creek, which point is now in direct communication with Winnipeg. Mr. Smith expects to have many miles of telegraph wire strung west of Wolf Creek before this year comes to a close.

Asked as to the removal of the local G.T.P. telegraph office from First street to the Garvey Block, the superintendent stated that it was not necessary that the offices be changed for the present as the service to the public is found quite satisfactory where it is. He did not think that the freight and ticket offices would be in a position to enter the new Jasper avenue quarters before the middle of April.

### Experimental Orchards.

## COMPANY MUST PAY UP LOSS

Interesting Judgment Given by the Supreme Court of Appeal

### MANY LAWYERS ON HAND

Room Crowded with Counsel and Law Students—Mr. Justice Beck Read Judgments

The Supreme Court of Appeal was well filled with lawyers and law students this morning when judgments in several cases were handed down by the court en banc.

The most interesting case upon which judgment was given, and one which has caused quite a lot of discussion in law circles, was one in which an insurance company refused to pay its losses when a house in the north end was burned, advancing an argument that it was used for immoral purposes and therefore the policy was void. Morin and Derrers were the plaintiffs in the original action tried by Justice Stuart, and the Anglo-American Fire Insurance Co. the defendants. It was the defendants who were appealing.

In reading the judgment, Justice Beck stated that he did not consider the use to which the house was put was at all a matter affecting the loss. The appeal was therefore dismissed, with costs.

### Other Judgments Given.

The other judgments were as follows:

John Hough vs. Thomas Kennedy and Adam Dorin (app'l), an appeal from the judgment of Judge Jock in regard to a promissory note. Judgment appealed from, should, if the defendant so desires, be set aside and the case be sent back for re-trial. One month is given the defendants to notify the plaintiff if they decide to go on with the new trial. If not, the appeal will be dismissed with costs.

Albert Herman vs. Frank McConnell, appeal quashed without costs.

Ward vs. Serrell, appeal dismissed with costs.

### Snider, Sugarman, and Willie, appeal allowed with costs and judgment for plaintiff set aside and action dismissed with costs.

William Head and Co. vs. Colfin and Davis, appeal allowed, plaintiff allowed fees, and loss in action ordered to be sold and proceeds to be applied, first, in payment of any amount to which the respondent is entitled over the sum of \$3,000; and second, in satisfaction of the plaintiff's claim.

### RATE WAR IS NOW ON

Grand Trunk Railway Meets Reduction of United States Roads from Buffalo.

Montreal, March 24.—The Grand Trunk has announced a reduction of grain rates from Georgian Bay points to Montreal to four cents to meet the American rate of four cents from Buffalo to New York or Boston. They further announce that they will meet any alteration the American roads may make. A peculiar feature of the situation is that owing to the high prices prevailing in the West not a bushel of grain is offering for shipment.

### Bulgarian Commits Suicide.

Pernie, B.C., March 24.—A Bulgarian aged 36 was found hanging to a tree near the Great Northern Railway track at Burr station, 35 miles south of Fernie yesterday, by his companion, who had been working with him on the section gang at that place.

### Former Boer an Imperialist.

Zeerust, South Africa, March 24.—In a speech, Premier Botha said that one of his dearest ambitions was to create the best colonial defence force in the Empire which would represent both races. It is considered that Botha's recent speech at Pretoria finally disposes of the question of coalition government.

## BIG JUMP IN SCRIP

Quoted at \$835 To-Day as Compared With \$735 a Year ago.

One week ago South African scrip was quoted on the market at \$735. Today it is quoted at \$835 and appears to be going still higher. The secret of the upward trend is the first reading in the House of Commons, on March 14, of the act to amend the Volunteer Bounty Act of 1908. Hon. Frank Oliver introduced the bill which is calculated to ensure that it will successfully pass. It will enable all holders of South African scrip to take advantage of the bounty by the year 1911 instead of 1910, thus giving an extension of one year's time.

### Acquitted of Murder Charge.

St. Catharines, Ont., March 24.—After being locked up for a little over three hours, the jury last night returned a verdict acquitting Wm. Bradley of the charge of murdering Geo. Ballman at Merriton on New Year's Day. Ballman died from a fractured skull alleged by the Crown to have been inflicted by Wm. Bradley by kicking him on the head during a fight that followed a quarrel between the two men while returning to Merriton on a street car after the marine road race.

## GOT GOOD FIGURE FOR CAMROSE BOND

Eight Thousand Dollar Issue was Sold to Toronto Firm at 111 1/2

Camrose, Alta., March 24.—Wood, Gundy and Company of Toronto were the successful bidders for the \$8,000 worth of bonds, the tenders for which were opened at last night's council meeting. There were twelve bids in all. That of Wood, Gundy and Company, the highest, was \$806, with accrued interest, which is a trifle over 111 1/2.

The bonds, which are for twenty years, are in two blocks of \$4,000, each one-half bearing interest at 7 per cent, and the other half at 6 per cent. The town officials are very well satisfied with the price obtained.

### Cleaning-Up Day Comes.

The disappearance of the snow has revealed the streets, lanes and back yards of Edmonton to be anything but clean and tidy. Dr. W. H. Mackay, of the health department, has taken cognizance of it, so has Secretary Fisher of the Board of Trade and Commissioner Batehall, by reason of the many complaints that have been made by the citizens.

The suggestion is that the mayor proclaim a day which shall be devoted to cleaning up the city. This was done last year, but the idea was conceived that any old junk, bricks and stones that could be collected would be removed by the scavenger. The work was apparently not in his contract and he refused to do so. However, the city is doing its own scavenging this year, in named the "cleaning-up day" is named the lines may not be so arbitrarily drawn as to what shall be removed and what shall not. The point will be to have the city's out-of-doors thoroughly cleaned up.

### CLAMOR TO COME HERE

Steamship Company Could Not Find Room for all Intending Settlers.

London, March 24.—The extra Alban liner "Grampan" sailed yesterday for Canada with 1,650 passengers. The multitude of clamoring immigrants was so great that the Allan Line had to remove the furniture from its Liverpool office so as to make room for them.

Ten persons charged with keeping dogs that hadn't the necessary tag attached to them, were up in the police court this morning. Nearly all the cases were settled on the procuring of a dog license.

## AGED PIONEER PASSES AWAY

Donald Macdonald is Dead After an Illness of Several Years

### HAD HISTORIC CONNECTION

His Uncle Was one of the Founders of Fort Augustus on the Site of Edmonton

The death occurred last evening of Donald Macdonald of Victoria avenue, after an illness extending over several years.

The deceased came west twenty-six years ago, settling near Fort Qu'Appelle, and coming in 1894 to reside in Edmonton, a place which his family had been connected a century before, his uncle, John Macdonald, being one of the three men who founded Fort Augustus or Edmonton in 1798. Mr. Macdonald was born at the family home, "Marina," in Cobourg, Ontario, in 1823. He was the grandson of Capt. John Macdonald of Garth, Callander, in Perthshire, Scotland, and son of Captain Archibald Macdonald, of H.M. 35th Foot, and Catherine, wife, daughter of the Hon. Captain Walter Boswell, R.N., one of the founders of Cobourg, and by whom it was named.

Mr. Macdonald was a gentleman of singularly gentle and loving disposition, thoroughly imbued with a high sense of his duty to his God and to his country—one who lived out his life quietly, apart from the storm and turmoil of public life, and leaving behind him the memory of a man of stainless character.

He is survived by a widow, the only sister of the late Judge Ketchum, Cobourg, and three children, Miss Macdonald, Mr. D. W. Macdonald and Mr. J. K. Macdonald.

The funeral will leave Mr. Macdonald's late residence, 247 Victoria avenue, at 2:30 p.m. on Saturday, proceeding to All Saints' Church, where a short service will be held.

### Skyscraper in Calgary.

Calgary, March 24.—Senator Loughbeil will this week begin the erection of a skyscraper on the corner of Seventh avenue and First street west, across from the Central Methodist Church, which will cost in the neighborhood of \$300,000 and will be one of the finest office buildings in Western Canada.

## YALE HOTEL HAS CHANGED HANDS

Deal Closed this Afternoon Whereby "Bob" McDonald, of Senate Hotel Takes it over at \$40,000

A deal will be completed this afternoon for the purchase of the Yale Hotel on Jasper avenue by Mr. Robt. McDonald, proprietor of the Senate Hotel. Negotiations have been in progress for some time between Archibald York, the owner of the hotel, and Mr. McDonald, with the result that the papers will be all signed, sealed and delivered by this afternoon. The price mentioned in the deal is \$40,000. Mr. McDonald will assume the proprietorship of the hotel on the first of April. In all probability he will not now proceed with the erection of the proposed new Senate Hotel on Fraser avenue, the plans and specifications of which have all been drawn up and the contracts let.

#### THEY WON'T GIVE IT UP

Saskatoon Will Have a Baseball Team Even if Western League Doesn't Want Them

Calgary, March 23.—A letter was received today from Fred McKinnon, of Saskatoon, stating that city was somewhat disappointed when their application was refused at the Western Canada Baseball League meeting; they are not of the opinion, and the sports are considering the scheme of getting together a team of leaguers, and taking a trip mainly for publicity purposes. They would also play games with teams in the Western Canada League on open dates.

If it does not mature, a league will be formed in northern Saskatchewan, with teams from Prince Albert, Battleford, Saskatoon and another town, and amateur ball will be played. McKinnon states that the enthusiasm aroused over the prospects held out to Saskatoon by entering the big league has caused the fans in that city to have good baseball this season, or else money don't talk.

#### McCLAIR IS IN DEMAND

Many Teams are After the Edmonton Pitcher but Manager White Says "Nothing Doing"

Seattle, March 23.—Eldred McClair, the clever Seattle boy who has been pitching in semi-professional and professional company for several years, will be with the Edmonton team in the Twilight League this season. McClair has had several good offers with teams in the States. Memphis in the Southern League first wanted him and then he got a good chance to join the pitching staff of St. Joe in the Western League.

McClair was anxious to take up the St. Joe offer, but he had already signed with Edmonton. He wrote manager White of the Edmonton team asking for his release, but yesterday received word from the Canadian magazine that he considered McClair too valuable a man for the Edmonton corps of twirlers to let go.

#### First Football Match.

The first football match of the season will be played tomorrow, Friday, when the North Edmonton team and the Y.M.C.A. will meet on the Norwood athletic field. The team from the northern suburb is strong, having on its line-up a number of men from the Norwood team which played in the city league last year. The Y.M.C.A. team has not yet been chosen.

#### Tait Won Another.

Buffalo, March 21.—Jack Tait of Toronto again lowered the colors of Geo. V. Bonhag of the I.C.A.C. New York in a two-mile race at the 74th Regiment Armory indoor meet tonight. Tait's time was 9:46 2-5. J. H. Goulding of Toronto captured the mile walk from a field in 6:29 3-5. Cloughen, another Irish-American, beat Bobby Kerr of Hamilton two straight heats, in a special match race for 100 yards. The time for each heat was 10 secs.

#### Amateur Baseball.

The Irish Canadian Baseball Club will hold a meeting on Thursday, March 24th, at 8:30, in the Alberta Hotel. All players who have signified their intention of playing with the I.C.B.C. and others who are desirous of playing ball this summer are cordially invited to attend. They also extend an invitation to any members of the Irish Association who are in interested in baseball.

#### Who Will They Roast Now?

The Calgary Herald says: "The Western Canada League officials say all the umpires are to be self-edged this year. It will be a great drawback to the rosters if they cannot roast the ump's."

And also: "The baseball officials say that this year they will extend every courtesy to the newspaper man. This no doubt means that the newspaper bunch will get their pink lemonade, peanuts, chewing gum and other necessities of life free."

They never have seen me, eh, Bill?  
You boys should go play—  
Cut out school, that's the way  
To get to the top of the hill."

"Well, so-long, ter everybody,  
Now, ma, 'tain't no use ter cry,  
Why, this job is fun,  
You'll be proud of your son,  
When you read the papers—good-bye."

#### His Return—Brief Interval.

"Hello, ma, say, ain't breakfast most ready?  
Oh, yes, I have come home ter stay;  
Them guys w'at play ball  
Just got jealous, that's all.  
Besides, I don't care much ter play."  
"Well, pa, I don't see nothin' funny;  
'Tain't no use ter laugh like'er fool,  
You, Bill, now by gee,  
Ma, just listen ter me—  
You make Bill go right on ter school."  
—Allen Johnson, in Sporting News.

#### New Stand in Winnipeg.

The directors of the Winnipeg Baseball Club are making arrangements to erect a \$25,000 stand at River Park. Increased attendance over last year's figures is expected at the new headquarters.

#### POINTERS FOR ATHLETICS

In the 100 yard dash much depends on your start. In training daily work should be as follows: Spend your first three weeks running 220 to 300 yards three times a day at about five-eighths speed. Also practice starting half a dozen times, by the report of a pistol. The second three weeks increase your speed and continue the starting, running distances from each start varying from 20 to 70 yards. The third three weeks, seven-eighths of your total speed, run about 25 yards and repeat. After this run 60 yards and repeat, to six times. The last three weeks run from 50 to 90 yards and repeat. Practice start. If you wish to run a trial, do so three days before you race.

#### Giants From the Sporting Avail

After Charlie Crist's "rolls" play their series with Edmonton, Chas. will turn the team over to Chandler. There has been some talk of entering it in the Southern Alberta League with Alameda, Cranston, Glareholm, Steady and High River. Can Calgary support two teams?

Bill Donnelly, the umpire, is visiting in Calgary. Our round friend does not intend to do any umpiring this year (thank goodness), but is not out of baseball. He has a ball team in Nanton and intends to make an attempt after the "Trevery Cup."

## MORE LAND SALES MAY BE EXPECTED

**Sale of 80,000 Acres Near Beaver Lake is Probably Only a Beginning**

"The story that my profits on the sale of 80,000 acres of Beaver Lake land will amount to a quarter of a million is a pretty wild guess," said Mr. J. A. Powell to The Capital this morning. "Of course we are not in business purely for our health, but to say that the profit on 80,000 acres amounted to that sum was a pretty exaggerated statement."

The property, of about 80,000 acres, is near Beaver Lake, about 40 miles east of Edmonton, and is good farming land. The purchaser was N. Gardner, of Saskatoon, and it is understood that he represents an English syndicate which will sell the land in small parcels. The purchase was in the neighborhood of \$1,000,000, the average price per acre being about \$12.

Mr. Powell, who is an extensive dealer in Alberta lands, still controls about 250,000 acres in the Beaver Lake district. Negotiations are now in progress for other large sales and the one just made will probably be only the forerunner of many others equally important.

### Alberta Year Book.

A necessary feature of the new immigration policy of the Alberta government is the sending of officials to the large centres in Canada and the United States from which population may be drawn. Another important part of the campaign is the preparing of literature to form a basis on which the immigration officials may work.

The first undertaking in this respect which the Department of Agriculture has made, under the direction of the new minister, Hon. Duncan Marshall, is a revised edition of Alberta year book. It presents the claims of Alberta to those looking for a new home or for a wider sphere in which to exercise their energies. An honest effort is made to tell the story of "land and agriculture" in Alberta so that the new settler may find conditions as represented when he arrives.

There are nine sub-sections of the pamphlet, each dealing with different phases of the subject. Greatest importance is attached to the grain and the stock industry. Water and fuel supplies and the special opportunities which the province offers in the way of good schools, roads, bridges and telephones and railways are also attractively presented. Altogether the pamphlet has something less than two pages of the most authoritative statistics and general information that the Department of Agriculture has ever prepared. Splendid cuts covering a wide range of views have also been carefully collected and incorporated in the production.

Ten thousand copies of the new year book are available for distribution and will be sent by the Immigration Commissioner to all persons making request. The aim is to make as wide a distribution as possible so that the name of Alberta will be heard in every quarter.

### Certain Reports Denied.

To the Editor—  
In view of certain rumors being circulated in the Capital Prize Contest, I wish to make known through your columns that Miss C. A. Battell is my niece, and has been residing in Edmonton at my home for the past eight months. She is in no way connected with the managers of this contest, or with any officers of The Daily Capital, nor did she form the acquaintance of these people before the contest opened.

Many of her friends and supporters now there is no truth in the stories being circulated. It is for the information of those who do not know and may be influenced to turn their support against Miss Battell that I make this statement.

Representing an opponent is an old way of securing votes, but it does not appeal to me as a thing that should be allowed in your contest.

I would like to see fair play all the way through and trusts the results have not been as yet unduly affected by the matter referred to.

Yours truly,  
C. L. RACE.

Some evidence was taken in the police court this morning in the assault case in which the three Swedes, Norman, Anderson and Lyons, are charged. As William Campbell, the injured man, is still in the hospital, the case was adjourned for a week, after Dr. Shearer, Robt. Derry and William Campbell, the proprietor of the livery, had given their evidence.

## FEW CANADIANS JOIN INSTITUTE

**Mr. J. G. Colmer Calls Attention to Royal Colonial Institute**

To the Editor of  
The Capital, Edmonton;

Sir—May I venture, as a member of the council of the Royal Colonial Institute of London, to call attention through your columns to this institution. It was founded in 1868 by Royal Charter. Its patron is His Majesty the King, and H.R.H. the Prince of Wales is its president. Among its vice-presidents are all the Governors-General of Canada in recent times, Lord Strathcona, and many other gentlemen distinguished for their services in different parts of the Empire.

The Institute was organized to provide a place of meeting in London for those connected with the Dominions beyond the seas and India; to provide an office for the Empire; to facilitate the exchange of experiences among visitors, and to afford opportunities for the reading of papers and for discussions upon Imperial subjects generally.

The Institute owns, free of debt, a large and imposing building on Northumberland Avenue, Trafalgar Square, which will be familiar to all visitors in London. Its library contains over 75,000 volumes of books and pamphlets relating to the history, government, trade, resources and development of the British dominions. In its newspaper room all the principal magazines, reviews and newspapers of the Empire are filed; and there are reading, writing, smoking and tea rooms for the use of the members.

There are about 4,500 members from all parts of the Empire. I am sorry to say, however, that there are fewer members from Canada than from Australia, South Africa and the West Indies. There are only six members from Edmonton. I am inclined to think that this number will be largely increased if you will be kind enough to give publicity to this letter. It is recognized at home that the Imperial sentiment is strong in Alberta, and I feel sure from all I have heard during my stay here, that the objects of the Institute are very close to the hearts of the majority of the people. The entrance fee for non-resident members is one pound, one shilling and the annual subscription is one pound, one shilling; while lady associates pay an annual subscription of one pound, without entrance fee.

Members have the privilege of using the building and of attending all meetings and social functions, and also receive the Journal of the Institute, which is published monthly and contains not only verbatim reports of its meetings, and the papers that are read, but also a mass of general information of much value to students of Imperial affairs.

I may say that Mr. J. A. McDougall, M.P., is the corresponding secretary of the Institute in Edmonton, and will be pleased any time to place members or intending members of the Institute in touch with the officials in London, when they contemplate a visit or when they need any information or assistance which the Institute is in a position to furnish, and also to receive applications from those desiring to become members. Yours, etc.,

J. G. COLMER,  
Edmonton, March 23, 1910.

### CANADA STANDS PAT

W. W. Bengough in Toronto Star—  
We've talked this question through and through.

And mean to act both fair and true.  
But, Uncle Sam, it's up to you.  
To know "where you are at."  
There's nothing further we can do,  
So Canada stands pat.

The case is simple. We have made a special deal for mutual trade with France; our right is not gained.  
For us to make a deal like that: For tariff favors France has paid, So Canada stands pat.

You want these favors, too, you say, but "Blame a nickel will you pay?"  
You think that there's another way To fry our fiscal fat.  
The "maximum's" the card you'll play,  
Well, Canada stands pat.

Dear Sam, you're our own flesh and blood,  
And much we prize good neighbor hood.  
'Tis sad that there between us should Ever be tariff spat,  
But pat we heretofore have stood,  
And we will still stand pat.

## YESTERDAY'S LEADERS HOLDING THEIR POSITIONS

**Miss Battell and Miss Murdoch Retaining Their Positions—Miss Gourlay Makes 46,000 Plunge**

### THE JUDGES

MR. WM. PURVIS, of Purvis & Co., Ltd.  
MR. ALBERT E. LUDWIG, Manager Acme Co., Limited.  
MR. ROBERT GOLDSCHMIDT, Manager Hudson's Bay Co.  
MR. J. F. McALLAN, Manager Royal Bank.  
MR. H. LLOYD-YOUNG, Manager Campbell Furniture Co.  
MR. E. J. HART, Manager "The Boston Clothing Store"

The above committee of well-known men will be the judges of the entire count and will award the prizes. The awards will be made exclusively by the committee. They will be sole and final judges. The count will be held at the Daily Capital office. Candidates and their friends are invited to be present. The summing up will commence immediately after the close of the contest—9 p. m.

FOUR DAYS MORE. Great things can be accomplished in that time. All the live contestants realize this, and know that a little real hustling by most any one in the list can make a great difference in the appearance of the score. The position are so easily

ing away for a finish that will command more attention and create more comment and contain more surprises than any six Alberta elections, and that's putting it pretty strong.

Almost a score of candidates have been able to withstand the killing pace, and, win or lose, can always be proud of their achievements in the fight for the Capital's grand list of prizes.

Time is getting short indeed, and

if you would prevail your efforts must increase proportionately. The wind ones are not letting a moment pass without doing some figuring or accomplishing something to better their standing in the race.

Even if your friends have been helping you up to the present time, don't depend entirely upon their efforts at this last minute, as it were. Now is the time of need. A con-

test is a merry war, and war is a tough time and the levy increases the longer the war lasts, so it is time for you to go back for the second instalment—the second "war tax" as it were.

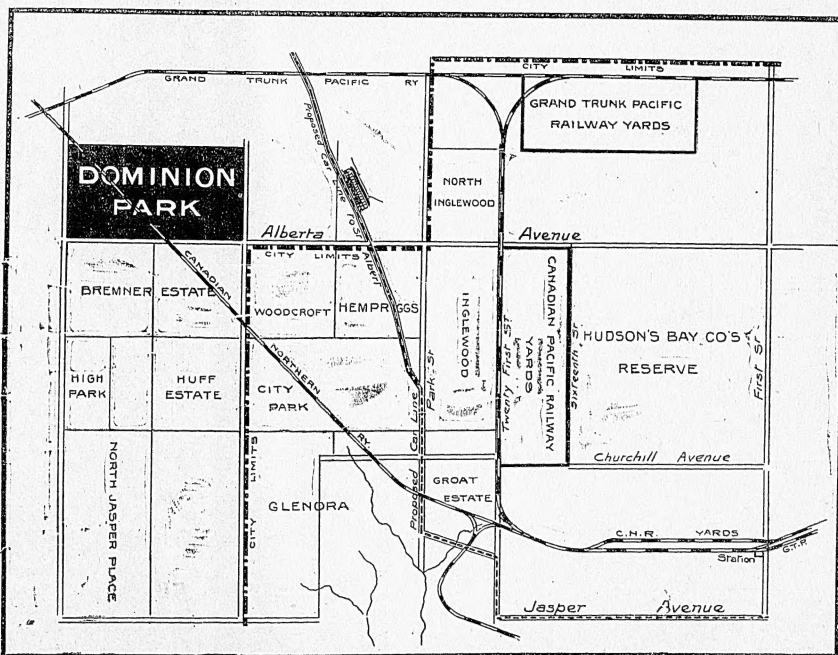

There's lots to be done. Many call backs to be made on those fellows who gave you a dollar when they could well afford to let you have four. Don't let any guilty man escape if he calls himself your friend.

## RENFREW HOCKEY TEAM CELEBRATES

Were the Recipients of a Civic Banquet last Evening—Alf. Smith Wants all Players Retained.

(Special to the Capital)  
Renfrew, Mar. 23.—The banquet given last night by Renfrew to their victorious hockey team on their return from New York, was a big success. Much speech-making was indulged in and Mayor Gravelle heartily congratulated the team on its splendid fight for the Stanley Cup which had advertised Renfrew so extensively. Coach Alf. Smith recommended that all this year's team be signed for next season. While the club officers emphasized the fact that Renfrew would be in the running next year, yet they refrained from divulging what players would be retained. The team has disbanded and Fred Whitford and Hay Miller will leave for Edmonton in a few days. Lalonde will go to Vancouver about the middle of next month and the Patrick Brothers after a short visit with friends in Montreal, will hike to Nelson.

## LESTER TIRES OF THE EAST

Says he May Possibly Help Edmonton or Nelson Lift the Cup

According to a statement which Lester Patrick handed out at the Windsor Hotel, Montreal, last week, before the Renfrew hockey team packed their grips for New York, the great rover will not be seen again in the east as a member of any of the National League hockey teams. "I have too much business to attend to," declared Patrick, as he turned to leave, "and it is a losing proposition with me to come east to play hockey."

Questioned as to whether he was going to give up the game, Patrick said he might possibly help Nelson of Edmonton lift the Stanley Cup if either of those chose to send a team after the silverware. Patrick has again been asked to sign a contract for next year with the Creamery town seven, but the above answer precludes all possibility of the former Wanderer star again wearing a red and white jersey.

## RUS. BLACKBURN, THE PHENOM

Broke into Pro. Ball in '08, Sensation of Eastern League in '09—With White Sox this Season

The player who promises to be the sensation of the American League this year is Russell Blackburn, the new short stop of the Chicago White Sox. As Russ, cost Comiskey the princely sum of \$10,000, he should show something.

Last year he was the star of the Providence team in the Eastern League and five major league magnates fell over themselves trying to buy his release at the end of the season.

Blackburn's rise into prominence is indeed meteoric. In the early spring of 1908, Jesse Burkett, of Worcester, had an infielder recommended to him by Connie Mack and in due time he recruit reported. Blackburn, a tall, ungainly-looking chap, made his first appearance upon the field in a colorless and worn-out sweater, a pair of molasses-colored stockings, pants several sizes too small and no cap. Jibes and would-be witty remarks were passed around from month to month, but the young fellow paid no attention at all, taking his turns at the batting practice like a veteran. He hit fairly well, but it was in the infield that he opened the eyes of the critics. Needless to say, Russ. made the team easily and if he had any weak point it was in batting. But that part of the game was taught him by Burkett and at the season's end, Blackburn was second among the shortstops of the New England league, and hailed over 200.

In a practise game, Providence played in Worcester and Hugh Duffy, on seeing the speedy short-stop perform, remarked, "That man is fast enough for any major league club in the country."

Things have turned out as Duffy and Burkett prophesied, and Blackburn is more than making good with Hugh's new charge, the white Sox in their spring training trip at the Coast.

He is mentioned in the dispatches. Here is a little dope from the staff correspondent of the Chicago Tribune:

"Blackburn also is anxious to get out of Fresno country for a report has been circulated here that he had fallen heir to \$50,000 from his grandmother and a steady stream of real estate agents have been trailing him around the hotel eager to sell him a rain-raunch here. One enterprising gold brick man wired him from San Francisco not to buy anything till he could get there.

Blackburn would not mind if the report were true, but it is not—not yet. His grandmother's estate went to his father, who is to have the income during his life, and after that the principal will fall to Blackburn and his brother if they live that long! The Sox shortstopper therefore, is an embryonic capitalist of no mean calibre, but he declares he would not sell his baseball now if his grandmother had willed him ten times \$50,000.

Blackburn Bear for Work.

He is a bear for work on the diamond and one with four bases it corners is the only diamond he hankers for just now. After he has won his laurels in the big league and they begin to fade, he says, the \$50,000 may look bigger to him, but without these laurels, the coin looks counterfeit. That's Blackburn. The Sox leave here in the morning for Bakersfield."

## MAKES BREAK ON MULDOON

Famous Wrestler who Taught Teddy Roosevelt was Accused of Being a Jailbird

New York, Mar. 22.—William Muldoon was discussing to a number of bystanders on the subject of physical culture. He dwelt particularly on the necessity of keeping regular hours, and by way of illustrating the wonderful regularity of habits that had governed his life, he said:

"Gentlemen, for the past twenty years I have been getting out of bed at precisely 6 o'clock; a half-hour later I take breakfast, and at 7 I start to work. I dine regularly at 1, have supper about six and every night without exception, see me in my bed by 9 sharp. And what's more, I have never had a day's sickness in all my life; why, I don't know what an ache or a pain feels like. Any man who lives the same as I have lived can be as well as healthy."

One of Muldoon's auditors, a stranger who was not familiar with the prowess of the ex-champion wrestler, asked innocently:

"Might I enquire, sir, what you were in prison for?"

## THE PASSING OF THE MOUSTACHE

Have You Ever Noticed the Fact That Most Baseball Players are Clean Shaven?

It was not so many years ago that moustaches were common among the major league teams. Nowadays it is seldom a ball tosser is seen with his upper lip decorated with bristles.

Year after year the number of players with moustaches have been growing less, and the stars of the present day appear to believe it a sign of bad luck to wear one. Some have been brought over to this view only after much persuasion, and it was a regular sensation a couple of years ago when word was telegraphed from the Phillies' training camp that "Silent John" Titus had been prevailed upon to have his "soup strainer" shaved.

"Place two group photographs of a team of the 80's or 90's and a team of the last five years side by side, and if you could not distinguish a face on either you could tell the old timers merely by looking at their upper lips.

In 1896 there was only one major league of twelve clubs. A study of nine of the group photographs of that year shows the number of players on each who wore moustaches as follows:

Baltimore 6, Cleveland 4, Cincinnati 8, Boston 4, Chicago 3, Pittsburgh 1, New York 6, Phillies 5 and Brooklyn 7. This makes a total of 44, or about five per team.

Contrast this with the fact that last season many teams did not have a player with a moustache, and we see how the style in this respect has changed in the last few years.

## PRO. SOCCER TEAMS COMING

Such Famous Teams as Aston Villa and Everton are Considering a Tour

Vancouver, Mar. 23.—(Writing from England, Will Ellis of this city, secretary of the British Road League, says he has practically induced two of the foremost teams in England to make a tour of the Dominion next autumn, coming right through to the coast for a series of matches and returning via the United States. Mr. Ellis says that the Newcastle United and Glasgow teams have decided to visit Canada, but will not come out to the coast, but that the other clubs which he is negotiating with, Aston Villa and Everton, are seriously considering the proposition to make a tour of the Canadian and American cities.

The financial end of the proposition is now being considered by the management of the clubs, but up to the time of writing Mr. Ellis has not been informed just what the clubs would want in the way of a guarantee to come across.

## HOW WISE GUYS PICK THEM

Leading Baseball Writers of America Give Their Opinions on Big League Results

(Detroit Times)  
The Pittsburgh Pirates, and Detroit Tigers, the 1909 pennant winners, are favored to repeat their triumph by thirteen of the leading baseball critics in the two big circuits.

If their prophecies turn out correct the Pirates will land in first place pulled up to a walk in the National League, with the Cubs, Reds and Giants closely lunched, the Phillies a game or two in advance of the Cardinals, with the Supertas and Doves beaten off.

A tighter finish is looked for in the American League. The Athletics have six votes to the Tigers five to win the championship. However, Detroit winds up with the fastest total of points, as third place is as low as it is picked to finish, while Philadelphia gets two calls to land fourth.

If the American League race ends as the critics tip it, the Tigers will capture their fourth consecutive championship by a narrow margin from the Athletics with the Red Sox third, White Sox fourth, Naps, a distant fifth; Yankees a bad sixth; the Browns a sad seventh, and the Nationals, a joke taker.

Pittsburg will have another goal—if the wise guys are right. Nine of the thirteen picked Fred Clarke's chaps to repeat their conquest of a year ago. The other four pick them to run second.

The Cubs are placed first by three writers. They get two calls to finish second, three to finish third and five to finish fourth. New York get the remaining vote to wind up in first place. At that, the "dope" only has the Giants to come in fourth, the Pirates, Cubs and Reds.

In the American league, Grillo, Elmer, Bates, of the Cleveland Leader; Ed. Lang, of the Cleveland News; H. G. Salsinger, and Foster, nominate Detroit. The six champions of the Athletics are: Isaminger, Moreland, Ryker, Davis, Davies and Frank Roskoek, of the Cincinnati Post. Abe Yager, of the Brooklyn Eagle, and Herman Nickerson, put the Red Sox on top.

## THE PICTURES ARE IMPORTANT

"You'll Have to Fight Those Two Rounds Over" Said the Accommodating Referee

The moving picture plays a very important part in big fights nowadays. There has been considerable joshing because Jeffries and Johnson in signing the articles to fight paid more attention to what they would get out of the pictures than they did the battle itself. The Cleveland Plain Dealer has a very humorous article about a fight and the picture man. It is worth reproducing here:

"The referee held up his hand. "Them last two rounds don't count," he hoarsely announced. "The fight will have to start all over again."

A low growl ran through the vast audience.

"What's the trouble, Reddy?" shrieked a fiery-faced man in the tenth row.

"Th' trouble is," he explained, "that 'th' moving picture man has struck a bad spot in his film an' 'th' picture is no good. Are you ready up there, professor? All right, shake hands, boys."

And the battle made a fresh start.—Hamilton Spectator.

Chicago, March 10.—Jack Johnson, heavyweight pugilist, yesterday put in his first day of real hard work in preparation for his coming encounter with Jeffries at Emeryville, California, on July 4th. The champion, after putting on the finishing touches last night, found that he had worked off four pounds of superfluous avoirdupois, tipping the scales at 218.

At a business meeting of the Conservative Association held in Hensons' Hall last night, the secretary-treasurer presented a detailed statement of the receipts and expenditures for the past year, showing a substantial balance on the right side. A vote of thanks to Mr. Morrison was passed, and speeches were made by Messrs. Hyndman, Ewing, Clegg, Denman, Patterson, Rool, Morris and others. A meeting of the executive will be held in J. R. McIntosh's office this afternoon.

The Strathcona Plaindealer says: "The fact that no provisions were made by the Legislature before adjournment last week for the financing of construction operations on the University buildings, has occasioned considerable discussion in the city this week. While it was expected that an act would be introduced in the Legislature, estimates for the work, President Grier yesterday, stated to the Plaindealer that this omission will not tie up the construction on the buildings. Arrangements will be made for the necessary money and the work on the Dormitory and Arts buildings will be proceeded with very shortly."

## DOG CAUSED TROUBLE

His Bad Habits Causes Four Charges Against the Owner.

In the police court this afternoon E. J. Clarke faced four charges, all laid against him because he is the owner of a big Russian wolfhound. According to all reports this dog has not the sweetest disposition in the world, and seems to have a fondness for disrupting the right of way along sidewalks with unwary pedestrians. Besides Louis V. Laporte, of 435 Jasper Avenue west, who was bitten by the dog as he was passing the Thistle Rink on Second street the other day, there are two others who have unpleasant memories of their meetings with the hound.

Frank Blake, a bricklayer living at 640 Athabasca Avenue, was attacked by the same dog in a lane off Victoria Avenue a few days ago, and Gilbert Cornea, a boy of about 14 years, was snapped at and his coat torn, while he was on his way to school the other morning.

Besides these three charges of keeping a vicious dog, Mr. Clarke is also accused of not having a license out for his canine, that is causing all the trouble.

## Edmonton Irish Association.

The Edmonton Irish Association met Wednesday evening at their room in the Mechanics' Hall. General business was transacted and a large number of new members were admitted.

A very interesting paper was read by Mr. A. E. Cramond on "Life in South Africa during the Boer War, from a Soldier's Point of View." Mr. Cramond followed the fortunes of the Third Dublin Dragoons, to which he himself was attached, and so clear were his descriptions of transportation of troops, field conditions, and the native characteristics of the Boers that one could almost taste the "salt junk" and hear the rain, etc.

A hearty vote of thanks was passed to Mr. Cramond, and after some humorous criticism of the paper the meeting adjourned.

## Yes---You Can Buy Things More Cheaply at a Store That Advertises!

If you were a merchant would you rather sell a thousand yards of silk in a day, at a profit of 10c. a yard, than to sell (without advertising) fifty yards, at a profit of 25cts a yard?

Isn't it plain that in all such instances the buyer gets the benefit of the "volume of business" which advertising enables the merchant to do?

The money cost of a journey—long or short—by stage coach (not to count time, or comfort) was greater than that of a present day journey by railway. The "old ways" of doing things were not even CHEAPER.

The cost of things in an old-fashioned store nowadays is greater than in the progressive stores—the advertised stores. It's not even CHEAPER to patronize the non-progressive merchant—not to count the unwisdom of helping make it possible for reactionary and non-progressive merchants to still "do business."

The city schools will close tonight for Easter vacation. Several of the teachers will take advantage of the opportunity afforded them to take in the first provincial convention at Calgary next week.

Easter services will be held on Good Friday in Holy Trinity Church. The services will commence at 12 o'clock.

Arrangements are being made to continue the construction of the Dormitory and Arts building of the University. It was feared that the tie-up in the legislature might retard any building operations, but this is not to be the case, for work will be commenced immediately.

The bazaar under the auspices of the Ladies' Guild of Holy Trinity Church will be held on Wednesday and Thursday next, March 30 and 31.

The Strathcona Electrical Supply Co. will move from their present place of business and will occupy one of the stores in the Archibald Block in the near future.

Well-Known Trapper Missing. Nelson, B.C. March 24.—News is brought from Gerald by E. Mobis, a mining man, that John Portugal of Gold Hill, a well-known hunter and trapper, has been given up as lost.

Portugal, who had a series of cabins along his trapping route, left the settlement of Poplar some time last January to go to the nearest of the cabins, nine miles distant, with provisions to last him a week, at which time he expected to return.

Last week a party consisting of Frank Woodrow and a man named Hanson, set out to track the missing trapper. They followed his trail until it was obliterated by a slide at Lucky Lake. After that point they were unable to find any sign whatever of Portugal, but they definitely established that he had not reached his first cabin. Between Poplar and the cabin there were 12 slides.
